Overall Quality	Health Inspection	Quality Measures	Staffing
★★	★	★★★★★	★★★

The Five-Star ratings provided above will be displayed for your nursing home on the Care Compare website on or around April 29, 2026. The health inspection rating incorporates data reported through March 31, 2026. The time periods for each of the quality measures that contribute to the Quality Measure (QM) rating can be found in the QM tables located later in this report. The staffing rating is based on payroll-based journal (PBJ) staffing data reported through the fourth calendar quarter of 2025.

Your facility has been cited for abuse at harm or higher in the last survey cycle, or at least once at potential harm or higher in each of the last two survey cycles. Care Compare displays an icon for nursing homes with instances of non-compliance related to abuse and their health inspection rating is capped at two stars. For more details, please see the Five-Star Quality Rating Technical Users' Guide that is available at the link on the References page of this report.

**** IMPORTANT MESSAGE: Your health inspection score makes you a candidate for the Special Focus Facility (SFF) program. Please note that being a SFF candidate does not necessarily mean that your nursing home will be selected for the SFF program.
