RE: EMERGENCY PREPAREDNESS

Dear Resident/Family Member/Responsible Party:

The purpose of this letter is to inform each resident, family member and responsible party that Humboldt House Rehabilitation & Nursing Center practices emergency preparedness in the form of drills, in-service education, and is part of the Western New York Mutual Aid Plan. Our emergency Plan is located on our website. We review our emergency preparedness at least annually with our staff and Resident Council.

If you have any questions regarding our emergency preparedness plan, please feel free to contact me at 716-864-7650.

Respectfully,

Martin Mackenzie
